Committee, I

glody attend to the wishes and instructions of your comin the.

We have already put ourselves in communication with the
gentlemen named by you as a committee of distribution,
with whom we will consult from time to time, as may appear
necessary for the carrying out your benevolent plans in
the most efficient manner. Your wishes as to exemption or
return of custom duties shall have our attention. The question of exemption of dock and town dues has been brought
before the docks and have bond, and we think that they
will, at their meeting to-morrow, deside to remit these dues
on all free contributions for the relief of the distressed;
should they not do so, we shall make the necessary application.

DAMAGES AGAINST A POLICEMAN FOR ILLEGAL AR-

REST.
Before Hon, Judge Barbour and a Jury. Before Hen, Judge Barbour and a Jury.

Jan. 16.—Edward Palconer vs. Thomas Steers.—The plaintiff in this case has been long known as a temperance preacher on the public streets. On a Sunday in September, 1860, he was arrested by a policoman, under the orders of the defendant, who was a captain; and he was commed in the station house for some time. Faiconer was fined ten deliars for the alledged obstruction; but that decision was set aside by a higher court, and he now seeks damages for faise imprisonment. The facts, which have been frequently published, were again proven, and the Judge charged the jury, who brought in a verdict for Faiconer for three hundred and fifty dollars.

ALLEGED CONSTRACT TO DEFRAUD.—Christopher Dough, erty and Thomas Gaffney were taken into custody yestererty and Thomas Gaffney were taken into custody yester day by officer Cummings, of the Lower Police Court, on charge of conspiracy to defraud James Duffy, of No. 378 Eighth avenue, out of the stock, fixtures and good will of his grocery store. Gaffney, it is charged, called upon the complainant, and said he could find a customer for the establishment in the person of Dougherty. The latter was then introduced and a bargain struck, Duffy agreeing to soil out for \$160 in cash, and \$108 in payment for one mouth's rent in advance. The defendants gave the complainant \$15 to bind the bargain, and soon afterwards borrowed the key of the store for the purpose, as they stated, of showing the place to a friend. Having once got possession of the store the defendants refused to leave, and when the complainant insisted on being paid in full they ejected him from the premises. Four days after this occurrence the defendants, it is charged, transferred and sold the place ts a man named Gregory, thereby defrauding the complainant. Alderman Hall held the accused to ball.

SALEM, Jan 13—Arr schr Sarah Helen, Sherman, Lincoln ville for Baittmore.

FRIDAY, Jan. 16-6 P. M. There is considerable activity in the money market, owing to the shifting of loans and the in-creased consumption of money arising out of the recent advance in prices. Bankers still expect 20 per cent margin in lending on stocks; but in the course of a few days depositors in bank will find that they can use money at 6 per cent safely, without exacting so large a margin, and their example will prove contagious. To-day the brokers borrowed all they wanted at 6 per cent. Debt certificates are selling in the neighborhood of 95 a 95%. Some of these certificates mature in February, and the Treasury Department will have to print additional paper to pay them off.
Gold took a downward turn this morning. At

one time there was quite a panic in the market, and it sold down to 145. It fluctuated afterwards between 146 and 146%, closing at 146% bid. Exwith gold, and closed dull at 161 a 161% for first

class bankers' bills.

The stock market was less active this morning

and prices, as a rule, were lower than yesterday. Some stock is slaughtered daily for account of parties who cannot put up the requisite amount of margin under the new rule. To-day, likewise, the active demand for money operated against the market; a difference of as much as 1/2 of one per cent was made between sales "regular" and, for "cash." Under these circumstances, which derived additional influence from the reports of the debates in Congress on the financial measure, the morning's decline in prices must be regarded as small. At the morning board New York Central, Eric and Eric preferred were firm at yesterday's prices; Hudson declined 1/4. Harlem 1/4. Harlem preferred 1/4. Reading 1/4. Michigan Central 1/4. Southern 1/4. Galena 1/4. Rock Island 1. Fort Wayne 21/4. Pacific Mail 2. Bonds were generally lower Covernment securities were all rllay lower. Government securities were all better. The sixes of 1881 (conpons) rose 2 per cent, and 7.30 notes 1. The decline in governnents has brought in new buyers, whose "faith in the public credit is unshaken. At the 1 P. M. ses. sion of the public board the market, though not active, was firm, and prices in some instances were active, was firm, and prices in some instances were higher. Eric preferred rose ¼. Rock Island ¾. Southern old ¼. Galena ¼. Toledo, which advanced to 90 at the morning board, on the rumor of the proposed consolidation, was in request at 90%. Hudson advanced 1 per cent and was wanted at the advance. At the second board (closed) the market was generally better, with the exception of governments, which fell off the exception of governments, which fell off about 1 per cent. Toledo rose 3¼ per cent, and Central, Eric preferred, Rock Island and Gajana were all in demand at an advance of ¼ a ¼ per cent over the prices at two P. M. At the four P. M. session of the public board the market became quite rampant, and stocks were all eagerly taken at an advance of 1/2 a 1 per cent from the afternoon quotations. We have seldom, even in the recent excitements, seen the market more buoyant. The following were the closing

Few persons are aware of the importance to Few persons are aware of the importance to which petroleum, or rock oil, is growing, as an article of commerce. In the course of another year it will rank with cotton, corn, provisions wheat and tobacco among our staple exports There appears to be no limit to its production, and there is certainly none to the demand for it at York and a British port solely for the purpose of conveying it to Europe. They are to be built in compartments and to carry the oil in bulk. This will be good news to the owners of the petroleum

districts.

The American West India Company have just received per Mary Harris, one of their vessels, their first return cargo from St. Domingo, consisting of sugar, mahogany, logwood, &c., the product of their lands on the island.
